Board adjourned to meet at 2 p. m.

[CONTINUED ON PAGE FOUR]

IMPORTANT.

World's Fair Mineral Exhibit.

Albuquerque, N. M., July 11, 1903. To the mine owners and operators of New Mexico:

New Mexico is preparing a great exhibit of its vast resources from its various mines and quarries to be displayed at the City of St. Louis, next year. This exhibit will attract the attention of investors from all over the civilized world; and every mine, quarry and prospect should appear on the printed list, which will give a detailed description of each property in New Mexico.

The plan is that each sample, whether of ores, precious gems, building stones or other mineral products, shall each be properly labeled and numbered when placed on exhibition; this number will refer to and correspond with the number in the publication, where a description of the property, with name and address of the owner, extent of development, character of deposit, etc., will be given. Any good photographs furnished that you may have of your mine, mill or croppings will be included and reference given to the mine to which it belongs.

We do not care particularly to have a display of small and pretty pieces of minerals, simply because they glitter; but, we wish what may be considered average samples of the ore or deposit. Samples should be as large as conditions will admit in the mining and handling of the same; smaller pieces varying in sizes should be sent, also in order that a small sample may be given to any one who might feel an interest in any particular property. Samples weighing a ton or more will be greatly appreciated. All samples should be substantially wrapped before they are sacked, boxed or crated, in order to avoid injury during transit; full and complete labels giving name of mine, owner, locality, approximate assay values or chemical analysis should accompany each lot. Specimens of the wall rock are desired; accompanied, also, by pieces of the characteristic country rock.

Any printed literature and reports, made by mining engineers and geologists, of the district, or on any particular mining properties, are much desired and needed in making the publication complete as possible.

The Territorial Board of World's Fair Managers designated Albuquerque the collecting point of the mineral exhibit, at which point the same will be displayed at the annual Territorial Fair next fall, previous to its shipment to St. Louis. This arrangement will doubly display the exhibit and thus provides a way for those to see the collection who would not be able to visit St. Louis. It is, therefore, necessary that all shipments be consigned to the undersigned, at Albuquerque, during the last week in August; and only in extraordinary cases should shipments reach Albuquerque later than September 10th, in order that sufficient time be had in which to place the exhibit in proper shape, ready for the opening of the fair on October 12th.

Valuable specimens and private collections will be looked after under a special surveillance and guarantee of the safe return of the property in as good condition as when received.

We wish to include in the exhibit everything of mineralogical, geological and metallurgical importance in the economy of the Territory.

All railway freight will be paid and adjusted by the World's Fair Commission. A hearty response is expected from every mining district in New Mexico. Some of the mining camps have already met and selected committees to see that they are fully represented with a creditable display of their mineral resources at the greatest exposition the world has ever known.

Yours very sincerely,

F. A. JONES,

Director of Mineral Exhibit.

COUNTY INSTITUTES.

Complete Text of a Bill of Great Interest to Teachers.

House Bill No. 213, An act to regulate county institutes and for other purposes, as approved by the governor, March 19, is of great interest to school superintendents and educators of the public schools. It is the bill that was defeated in the House and then reconsidered and passed, and is as follows:

Be it enacted by the Legislature of the Territory of New Mexico.

Section 1. For the purpose of meeting the expenses of county institutes, county treasurers in counties of the first class shall set apart annually from the general school fund of their respective counties, \$100, and in counties of the second class \$75 for such purpose, and in counties of the third class \$50 for such purpose. The money thus set apart and that collected by county superintendents as now provided by law shall be known as the "county institute fund," and the county treasurer shall be its custodian, but he shall not receive any of it for his services as such custodian. This money shall be disbursed in accordance with the provisions of Sections 1615 and 1616 of the Compiled Laws of 1897, except that all orders on this fund issued by county superintendents shall be countersigned by the conductor of the county institutes.

Sec. 2. The Territorial Board of Education is hereby empowered to issue a course of study for county institutes and to revoke certificates for incompetency or immorality of the holder or for any cause that should have withheld the issue of such certificates.

Sec. 3. The members of the Territorial Board of Education shall receive 10 cents per mile for attending each meeting of said board, counting one way from their place of residence to its place of meeting and \$2 for each and every day said board is in session. This mileage and per diem shall be paid to the members of said board of education by the territorial treasurer upon the order of the territorial auditor out of the funds arising from the common school lands of the territory.

Sec. 4. All laws and parts of laws in conflict herewith are hereby repealed, and this act shall take effect 30 days after its passage.

Just About Bedtime.

Take Little Early Riser—it will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are different from other pills. They do not gripe and break down the mucous membranes of the stomach, liver and bowels, but cure by gently arousing the secretions and giving strength to these organs. Sold by A. E. Howell.

MOUNTAIN PICNIC.

Editor Chieftain:

The people of the Datil mountains and vicinity met as per agreement at Jones Spring on July the Fourth for the purpose of celebrating the day in which our American independence was declared. Almost every English speaking person in this part of the country was present and every one present seemed to enjoy themselves to the fullest extent, both before and after a sumptuous repast which was furnished by the ladies of the community. We had patriotic songs and speeches. Among the speakers was Mr. John Cox his subject was American independence. He made one of the most eloquent efforts that it has been the good pleasure of the people of this community to ever listen to. He simply kept the audience spell bound with his eloquence and at times interspersing his remarks with the rarest bits of witicism.

Chas. Adams Sr., the veteran old cattle man made a very interesting speech in which he gave a very entertaining description of the many ups and downs of the first American settlers in this part of the country. Mr. Adams vividly pictured to his audience some of the many vicissitudes through which the early settlers were compelled to pass. The long protracted drought which at times would hang like a pall over this country threatening death and destruction to every living creature was one of the most serious obstacles that confronted the early settler. Again the word would be hastily passed around that the Indians were out on the war path and all was hurry and excitement, people hurrying to assemble at some place of safety where the lives of loved ones could be protected. Other younger members of the community made good old fashioned Fourth of July speeches, and taking all together, the day was one long to be remembered by all present. In the evening every one present repaired to the ranch of Ed R. Kelley and sons and there joined in an old fashioned country dance which lasted till the wee sma' hours of the morning. Mr. Thos. I. Richardson of Alvarado, Texas, furnished the music for the occasion.
